Partnership for excellence

CONTEXT —

In 2018, the landscape of personal data protection regulations is evolving with the EU General Data Protection Regulation (GDPR) coming into force in May 25th and the project of revision of the Swiss Federal Act on Data Protection (FADP).

The majority of companies in Switzerland must comply with these regulations. Non-compliance comes with heavy regulatory fines. Impacts on organisations, information system and process are major.

OUR OFFER —

With an expertise in regulatory compliance and in project management, our consultants have the know-how, soft-skills and change management approach to help you meeting regulatory requirements.

Key steps of our « Personal data protection » methodology are:

1. **Gap analysis/Audit of the organisation (process, system)**
2. **Action plan implementation**
3. **Compliance monitoring**
4. **Information/training of key stakeholders**
5. **Privacy-by- design/by-default**
6. **Supervised compliance**

WHO IS IT FOR ? —

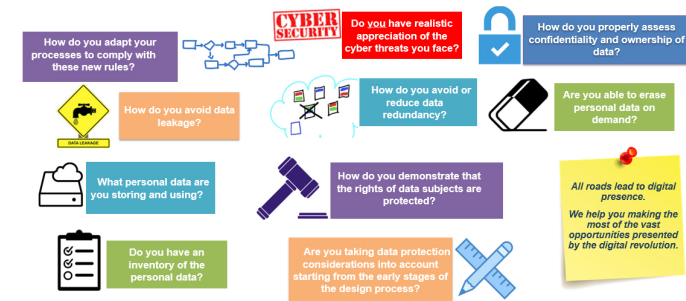

Companies from anywhere in the world who employ European and/ or Swiss citizens or who process European and/ or Swiss citizens' data, collected through forms from their websites, need to be compliant.

HOW CAN WE HELP YOU? —

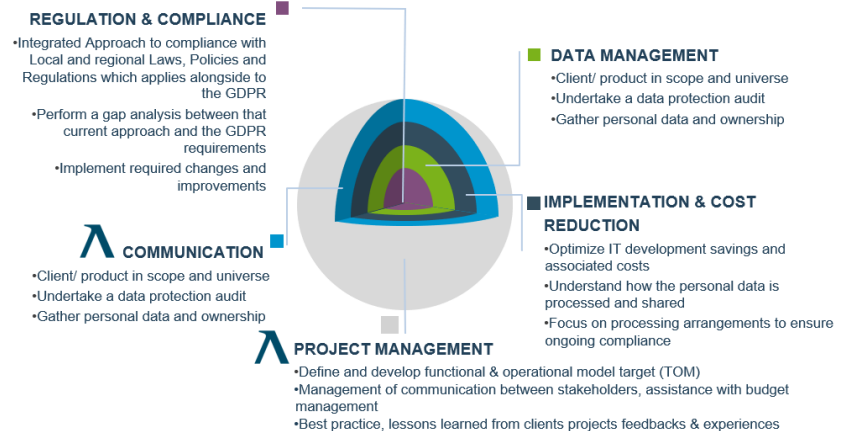

Our team of Senior Professionals with at least 10 years of experience, assist top management and employees from organizations to facilitate understanding and compliance with regulatory requirements. Whether it be in terms of diagnostic, risk identification, action plan definition or IT solutions best suited to your needs, you will find at Antaes the required expertise for a serene and pragmatic compliance of your organisation. Our objective is to protect your most valuable capital: your personal data.
